

PONY SADDLE

Technical data

Seat height 53-73 cm (with medium cylinder)
Seat width 42 cm x 36 cm deep

Casters, diameter: 65 mm with light grey tread

Brushed aluminium base

Adjustable seat tilting

A bigger (+ 7 cm) or smaller (- 7 cm) cylinder can be fitted depending on your height for no extra charge

Comfort and easy rolling over any type of floor

Warning :

this stool is designed for working in a high position, i.e. with legs semi-stretched.

This stool is not suitable for work in the seated position.

The principle of the PONY stool is for the weight of the top of the body to rest evenly on the crotch and buttocks.
